

FUELWIZE

FUEL CONSUMPTION MONITORING & REPORTING

Smarter Fuel Data. Stronger Fleet Performance.
Fuel Consumption Monitoring & Reporting Solution

FUELWIZE

FUEL CONSUMPTION MONITORING & REPORTING

SMARTER FUEL DATA. STRONGER FLEET PERFORMANCE.

FuelWize provides end-to-end fuel monitoring, analytics and reporting solutions that help businesses reduce costs, prevent fuel theft and improve operational efficiency.

FUEL CONSUMPTION MONITORING

Real-time monitoring of fuel usage, refuelling and tank levels.

ADVANCED REPORTING & ANALYTICS

Custom reports and insights to help you make data-driven decisions.

FUEL THEFT DETECTION & PREVENTION

Identify suspicious activities and prevent losses with alerts and monitoring.

COMPLIANCE & AUDIT TRAIL

Maintain full records for compliance, audits and internal controls.

EXPERT SUPPORT & SERVICE

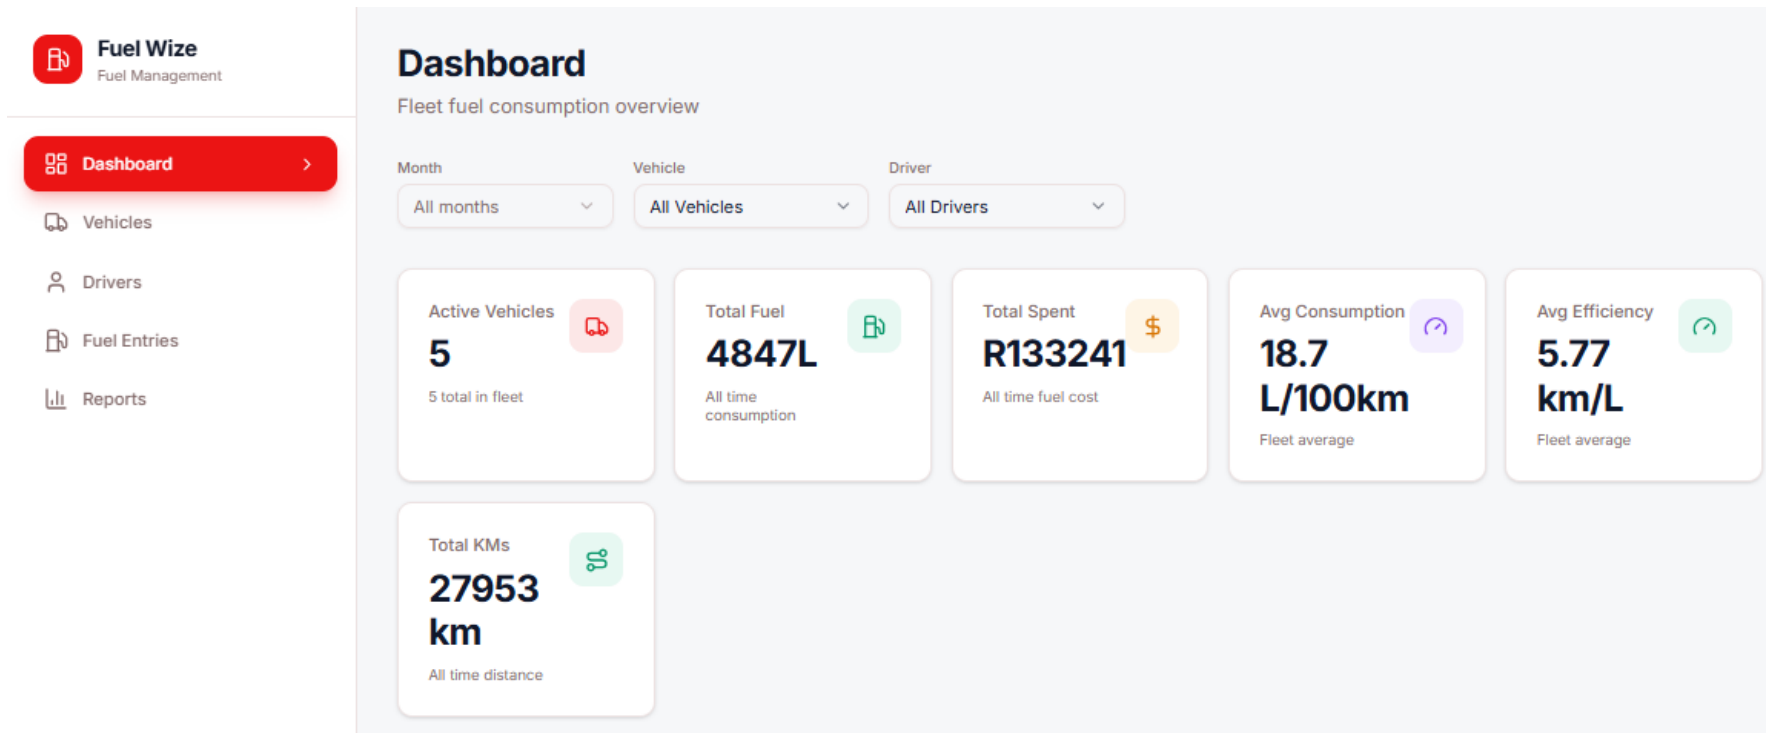

Professional installation, training and ongoing support you can rely on.

FuelWize Overview

- End-to-end fuel monitoring, analytics and reporting solution designed to reduce costs, prevent theft and improve fleet performance.

Executive Dashboard

Real-time fleet visibility including fuel consumption, cost per km, total kilometers and fleet efficiency analytics.

Possible Fuel Theft Detected

The following vehicles are averaging below their risk threshold (bakkies: 10 km/L, others: 4.5 km/L) — this may indicate fuel theft, leaks, or abnormal consumption. — this may indicate fuel theft, leaks, or abnormal consumption.

LF61VCGP

9.90 km/L

JR45PPGP

3.93 km/L

XSL597GP

3.23 km/L

BEST PERFORMING VEHICLE

LF61VCGP

9.90 km/L average efficiency

POOREST PERFORMING VEHICLE

XSL597GP

3.23 km/L average efficiency

Monthly Fuel Consumption

Fuel Theft Detection

Automated anomaly detection identifies suspicious fuel usage patterns and alerts fuelwize administrator to potential fuel theft or leaks.

Vehicle Efficiency Insights

Detailed charts and vehicle-level fuel analytics provide actionable insights into fleet performance.

Vehicle Information Management

Centralized vehicle management including tank sizes, odometer tracking and fleet asset information.

Driver Information Management

Manage driver records, contact details and assigned fleet information from one centralized platform.

Fuel Entry Management

Capture and monitor all fuel fill-ups with automated calculations for km/L, cost/km and trip analysis.

Log Fuel Fill-Ups

Easy-to-use fuel entry forms simplify data capture and improve reporting accuracy.
